Letter No. 9/247 dated 18th July 1904 from the Collector of the Nilamangala Taluk.

The Dy Comr of the Tumkur District has, with his letter no 636 dated 11th June 1904 submitted a statement of the Inam lands which had been granted to certain temples and Brahmins in the Bandikalli and other villages in the Kunigal Taluk (which are under Govt management) but which were fully assessed during the Survey Settlement, the lands not having been confirmed as Inam at the Inam Settlement.

He

He doubts

as to the correctness of the procedure

in considering these lands as

Government and receiving full

assessment on them - and therefore

solicits orders on the subject.

mutt lands in similar cases,

the claims of the Brahmins for

the alleged Inamdi were not recognised

but in the case of the temples

the full Survey assessment was

levied and the amount was

subsequently given to the Trustees

called for. The Imam Superintt states in reply that the alienation having been made subsequent to 1867, it was not recognized by the Imam Deptt especially as the village had not been enfranchised. It appears to him therefore to be illegal. The apportionment with the objects of the original grant was, he says, necessary but that it was not made in Damodar Das Saiti's time; and he is of opinion that the alienation cannot be regarded as ordinary & unauthorized, and he shares with the Dy Commr's doubts as to its being quite just to levy full assessment on the alienated lands. In para 4 of his letter he argues the question at length & concludes with the opinion, in the matter of the lands assigned to minor temples being fully assessed, that they should not be interfered with if not opposed to the objects of the original grant. His letter on the subject is in fuller detail.

Deputy Commissioner's Office,
Tumkur District,
The 10th June 1904

From

R Doraiswami Iyer Esq
Offg Deputy Commissioner,
Tumkur District

To

M Shama Rao Esq, B.A,
Offg Secretary to the Government of
His Highness the Maharaja of Mysore,
Mulgund Department.

Sir,

I have the honor to state that on Examination of the accounts of Bandahalli and other villages in the Kunigal Taluk which had been granted as Inam to the late Damodar Das Sait, the land particularized in the accompanying statement are found to have been granted to and enjoyed by certain temples & Brahmans.

2. The villages have now come under the management of Government and the revenue derived therefrom devoted for the maintenance of the chatrams at

Kuligyandanga

Hulugunduwage and a temple in Bambakelle.
Any unspent balance remaining after
meeting the expenses incurred in maintaining
these institutions is to be invested in savings
Bank with a view to it being used to meet
unforeseen Expenditure incurred in connection
with them

3 Some of these villages have been
surveyed and settled under the authority
of Government and on the occasion of that
Settlement the lands alluded to in the 1st
para of the letter have been treated by the
Survey Department as Government land
that is to say as land belonging to the Sanc-
dar as a dispensation holder, and the full
assessment thereon viz Rs 1, is directed,
to be recovered because the lands are not
shown in the government Inamti ac-
counts and have not been confirmed
at the Inam settlement. Seeing how-
ever that undertaking the manage-
ment of the villages the object kept

in view by Government has been to perpetuate the charities instituted by the late Damodar Das Sait and his heirs, I am not sure that it is Correct procedure to Consider these lands as Government and recover full assessment upon them.

4 I beg therefore to solicit the orders of Government on the subject

5 I beg to submit the vernacular papers on the subject ending with the Municipal Sanad's No 556 dated 27th April 1904.

I have the honor to be,
Sir,

the following :-

Judgment

The Plaintiffs' case is succinctly stated by the Munsiff in para 15 of his judgment - The defence is a total denial of the Plaintiffs' claim - The Munsiff has dismissed the Plaintiffs' claim on what appears to us unsound and one sided reasoning -

The first point for considera-
tion and serves as a proof of the genuine-
ness of the document, Supported as
it is by these documents, it is hard
to account for the Munsiff rejecting
the lease A as an improved and
suspecious document -

The land belongs to a Sarva
manya village which was managed
by the servants of the manyamdar
until the management was assumed
by Government a few years ago - It
is alleged that this land and another

record a finding as to the value of rent payable to the Plaintiff - The Defendants do not appear to have stated what is the proper value of the rent - Rupees 10-4-0 per Kandy does not appear too high - There will accordingly be a decree in favor of Plaintiff as per suit with costs in both Courts

which meant a profit of a petty sum of 5 Rupees per annum -

The lands are of small Extent and the annual are-gorm wara payable not very valuable - It is very difficult to expect much oral or documentary Evidence - People, who are shown to have been connected with this village, have been Examined as witnesses and patties written by such persons have been filed - When the main facts of lease and subsequent passing of a decree for produce have been established, there can be no valid reason for looking upon this Evidence with suspicion - The defendants have only Examined a number of witnesses, who speak merely to the Defendants' having cultivated the land, Enjoyed its produce and paid its Kandayam - All this is not inconsistent with the Plaintiffs claim - The value of mere oral Evidence as to the payment of

or not payment of wara must be very little in the absence of documents Evidencing a lease or the cultivation of the lands on Wara — The Defendants' denial of the lease and payment of Wara depending on oral Evidence alone cannot therefore be accepted -

The oral lease of 1878 is as explained by the Munsiff in para 22 of his judgment by one witness and the receipt of Gutha since by others - This Evidence must be accepted as worthy of credit under the circumstances of the case The Plaintiff must therefore be held Entitled to recover grain rent for 3 Years as claimed - The Munsiff has omitted to specify in his judgment and decree the amount claimed on account of the grain rent or to record

Sir,

I have the honor to return herewith, the records received with your docket No 1313 Muzrai F. 74-03 of the 3rd, October 1904 and to state, in reply, that the Inams seem to have been created by the Inamdar. I cannot gather from the file what the Inamdar of the village has to say to the matter. The recommendation made by the Deputy Commissioner seems to be to treat, and recognize the lands concerned, as Inam. I observe, a fact not intimated to the Inam Department

respondents, that the villages, are now under Government in an agency. This does not seem to affect the question at issue as the villages may hereafter revert to the Inamdar. No interference has ever hitherto been made between the Inamdar, and the holders of Inams created by him. It appears to me, therefore, that the Inamdar of the village is the chief person concerned and his wishes should be ascertained.

I have the honor to be,

Sir

Dated February 1905.

Sir,

I am directed
to acknowledge the receipt
of your letter no 45
1707
dated 2nd November 1904,
regarding the treatment
of some of the lands
given as Inam by the
Manager of Bandikalli.
Dandeya & Shanmadeya -
and other Villages in
the Kunigal Taluk.

From a printed copy
of the Govt Order no

720-1 dated 14th
Mysore 74-93
December 1897 (a copy
of which is herewith sent
for ready reference) you
will find that the
villages of Bandihalli and
Chikkamuttur were treated
at the Inam Settlement
as Dharmadaya, and
those of Bolumahalli and
Lakkasettipura as Devadaya,
grants. In three out of
these four villages, lands
are reported to have been
given as Inam
by one of the representatives
of the original grantees to 10
temples and 8 private
individuals, as particularised
in the accompanying
- received
from

from the Dy Comrs of
the Lunkaran District.
The D. Commissioner is
of opinion that the full
assessment on these
lands as fixed by the
Survey Department can
be recovered, seeing
that they have been given
away as Inam by the
Jamadar or his heirs
prior to their coming
under the management
of the Nizam's Department.
But the chief point
for consideration is,
whether the alienation made by
the Jamadar,
who was only a manager
for the time being of
the Samasthan and

says that he is doubtful

cited Dharmadurga Inam villages, is valid and can be continued. As the villages in question are now under the management of Govt in the Inspection Department, and as there are no legal heirs of the original grantee, I am to request the favour of your opinion as to what any and reasonable concession can be shown to the individuals, who seem to have been in the enjoyment of the lands prior to their being taken up by Govt. I am also to enquire whether, in the case of the temples, the full land - on the lands

lands attached thereto
the Ryotwaris as
cannot be paid to ~~them~~
Government in cash,
~~Cash Inducements~~, sustained
by restoring ~~the occupancy~~ lands.
~~to the ryots temporarily~~
~~resumed~~

The favour of an
early reply is requested.

Inam Superintendent's Office
Bangalore dated 8th March 1905.

To,

The Secretary to the Government of Mysore
Inam Department.

Sir,

In reply to your letter No 3146 dated 10th February 1905, regarding the treatment of some of the lands given as Inam by the Manager of Bandihalli and other Devadaya and Dharmadaya villages in the Kunigal Taluk, I have the honor to offer the following opinion.

2. The alienation in question having been made subsequent to 1867 (See Para 3, Precis 2, Page 3, Inam Precis) were not recognized by the Inam Department and, moreover, the villages concerned had not been enfranchised. The alienations

in

in question, therefore, appear to be illegal, excepting in so far as they can be shown to be in accordance with the powers con-=ferred by the Sanad of 1830.

3. The objects of the original grant as expressed in the Sanad granted by His Highness the late Maha Rajah — Krishnaraja Wodeyar on 8th February 1830, are stated to be, the allotment of a por-=tion of the lands to Brhamins, the maint-=nance of the, chatram, and Devastans in the villages, and the support of the family of the grantee. An apportionment, with the objects, was necessary but was not made in Damódar Dás's time nor, so far as I can ascertain, afterwards by the local manager, but it seems to me that the main objects of the grant, although not defined by allotment, have been kept in view. The alienations, at any rate, cannot be regarded as ordinary, and unauthorized. I share the Deputy Commissioner's doubts (see his letter No 63b of 10th June 1904), as

to

to its being quite just to levy full assess=ment on the lands alienated to indivi=duals. The Deputy Commissioner supports his opinion by assuming that Government in undertaking the management of the villages had in view the perpetuating of Damódar Dás Sants' charities.

4. The points upon which you now ask me for my opinion apparently concern only 3 villages Bandibally, and Chikmut=kur (Dharmadaya) and Lakshettipur (Devadaya). In these, lands have been assigned to 10 temples, and to 8 private individuals. I am of course unacquainted with details, but these alienations or assign=ments, especially in the case of individuals, do not appear to me very foreign to the objects expressed in the original Sannad and I do not see why they should not be continued. Government has stepped into the position of the original grantee and should see that the appointment contemplated in the Sannad is properly

made.

made, bringing under full assessment or resuming only those lands which have palpably been assigned in excess of the powers granted by the Sannad.

5. If the so called alienations are not opposed to the terms of the Sannad they do not seem to me to be vitiated because they were made by a person who was only a manager. If they are opposed to the objects stated on the Sannad Government can resume or fully assess the lands assigned.

6. I understand the enquiry in the closing lines of your letter to be, whether the lands assigned to minor temples may not be fully assessed and the amount so realized paid to the Archaks of the principal temple. As I have already said, I think the lands assigned should not be interfered with, if not opposed to the objects of the original grant.

7. The circular papers received with the letter under reply are herewith returned.
